

terazid **MICROCEM** medium 35

INSTRUCTION FOR APPLICATION

CONTENTS:

MICRO CEM MEDIUM 35 - dry mixture in a plastic bag (6 kg)
- binding resin in a bucket (2 kg)

PURPOSE: MEDIUM 35 is a two-component product, with application as a second main layer of the high-tech system for decorative coatings on walls, floors and ceilings - **MICRO CEM**.

APPLICATION: MICRO CEM MEDIUM 35 should be applied after the complete drying of the **GROUT 30**.

Preparing the mixture should start by gradually adding the dry component to the liquid component, in ratio 6 kg : 2 kg (dry : liquid), and mixing with a mechanical stirrer until a homogeneous mass is achieved. The fresh mixture should stand for about 5 minutes and then must be stirred again before the application begins.

MEDIUM 35 is applied in one layer, so the fiberglass mesh from the previous layer to be well covered and the surface to be well smoothed for the next operation.

NOTES:

Recommended work temperature +5°C to 25°C.

Do not mix with other materials.

Do not apply under direct sunlight or strong air flows.

CONSUMPTION: One package of **MICRO CEM MEDIUM 35** (6 + 2 kg) is sufficient to cover around 8 -10 m², depending of the thickness of applying. Observe the components mixing proportions when working on areas smaller than 8 m².

STORAGE: 12 months into the originally sealed packages, in a dry and ventilated place, without the danger of freezing and direct sunlight. It is recommended to be stored on pallets.

MICRO CEM MEDIUM 35

Dry component (6 kg)

Does not contain soluble Cr (VI) into a quantity greater than 0,0002 % within the period of storage.

Hazard statements: (H-codes)

H315 – Causes skin irritation.

H318 – Causes serious eye damage.

H335 – May cause respiratory irritation.

Danger!

Precautionary statements: (P-codes)

P101 – If medical advice is needed, have product container or label at hand.

P102 – Keep out of reach of children.

P280 – Wear protective gloves/protective clothing/eye protection/face protection.

P302 + P352 – IF ON SKIN: Wash with plenty of water.

P332 + P313 – If skin irritation occurs: Get medical advice/attention.

P305 + P351 + P315 – IF IN EYES: Rinse cautiously with water for several minutes. Get immediate medical advice/attention.

Liquid component (2 kg)

Precautionary statements: (P-codes)

P101 – If medical advice is needed, have product container or label at hand.

P102 – Keep out of reach of children.

P262 – Do not get in eyes, on skin, or on clothing.

P280 – Wear protective gloves/protective clothing/eye protection/face protection.

P301 + P311 – IF SWALLOWED: Call a POISON CENTER/doctor.

P305 + P351 + P313 – IF IN EYES: Rinse cautiously with water for several minutes. Get medical advice/attention.
